Hi Shannon,

I was on AL and since, I have lost track of where we are with this bank. Are we having another mtg soon? Are you all still working out the credits?

Pls advise; if easier to chat, you can call me anytime.

Thanks!

Nate and Julie,

Can you provide an up-date on the status of the CEQA document and all of the other permits required to implement the bank? Having those requirements finalized could also have an impact on the bank approval schedule. Thanks.

Dave

Subject: Petersen Ranch Bank Enabling Instrument Resubmittal

Hi all,

We have uploaded the BEI Exhibits to RIBITS incorporating all of the changes from your comments on our September submittal, as well as the results of our IRT meetings earlier this year. We have also incorporated the Water Board and CDFW's comments/input on the service areas which we received last month (Thank you!)

We have provided word documents in track changes for everything except for Exhibit C-1, the Development Plan, which had such sweeping changes that tracking the changes was infeasible. Attached to this email is a matrix summarizing how we addressed your comments and which exhibits in the BEI have changed from the September submittal. Also, attached to this email is the Sponsor's expected review schedule, though she is very hopeful that we can improve on the timeline indicated by this schedule.

The files can be downloaded from RIBITS, or,

These files can also be downloaded from our FTP site:

[FTP://50.76.51.173](ftp://50.76.51.173)

If you need a CD of these files, please contact me and I will send one to you ASAP.

Thank you all for working with us on this project,

Nate
